

## Shapes Puppy Worksheet

This cute puppy uses only circles and ovals. Have your child trace the shapes and then color in the puppy with their favorite colors. Have them name the shapes as they trace their puppy. You can also have them name the colors as they color him with their favorite crayons. Then have them count how many of each shape they see in their puppy. You can also help them learn about size. Have them pick out the largest circle and oval. The smallest circle and oval, etc. Have them count the small ones, medium and large of each shape.

How many circles do you see \_\_\_\_\_

How many ovals do you see \_\_\_\_\_
